And in accordance with law and an order of the Board of Trustees, made on the 8th day of June, 1886, so many shares of each parcel of such stock as may be necessary will be sold at public auction at the office of the secretary in Carson City, on Thursday, the 6th day of August, 1886, at the hour of 2 p. m. of said day, to pay said delinquent assessment thereon, together with costs of advertising and expenses of sale.

JOHN M. DORMER, Secretary.

POSTPONEMENT.

OFFICE OF CARSON STEAM LAUNDRY, AUGUST 3, 1886.
By order of the Board of Trustees of the above named Company the sale of delinquent stock of assessment No. 1 is hereby postponed until Monday the 23rd day of August, 1886, at the same hour and place.

JOHN M. DORMER, Secretary.

POSTPONEMENT.

Office of Carson Steam Laundry, August 16, 1886.
By order of the Board of Trustees of the above named Company the sale of delinquent stock of assessment No. 1 is hereby postponed until Monday the 23rd day of August, 1886, at the same hour and place.

JOHN M. DORMER, Secretary.

Wanted

A position to assist with housework and plain sewing in a small family. Wages not so much an object as a good home. Address, Mrs. M. Ellsworth, Post Office Carson City, Nevada.

TOMORROW'S PRIMARIES.

Both sides claim the usual walk-over.

Tomorrow the Winters and Adams factors will lock horns in a regular old fashioned Democratic primary. Col. Ellis, John Sweeney and Major Garrard are fighting for Winters, and Jake Klein and Edmund James for Adams. Adams is round doing the regular hand-shaking act up one side of the street and down the other.

The APPEAL does not profess to know anything definite regarding the inside of the fight, except that both sides claim the chestnuts.

It notices one thing which seems rather peculiar, and that is, that members of the Anti-Chinese League are working both for and against him.

Some claim that he is perfectly sound on the coolie question, and others that he has employed Chinamen in this county as house-servants, and has evaded signing the Anti-Chinese Covenant.

Garrard bases his opposition to him on the ground that he refused to sign. This may be partially true, but the APPEAL knows that the quarrel began as early as 1885. The friends of Winters claim that he never employed a Chinaman on his ranch in any capacity whatever.

The fight promises to be bitter, and hotly contested, and no one seems to know the result.

Begun Ticket Law

Section 1. That it shall be unlawful for any one to print, or cause to be printed, to distribute, or cause to be distributed, or to have in his possession with intent to use the same prior to or at an election, authorized by law, except as hereafter provided, any ballot or ballots upon which are printed any name or names other than the regular nominees of any one political party which shall in convention or otherwise, nominate candidates for a part or all the offices authorized to be filled at any election by the electors of this State; provided that nothing herein shall be construed to prevent any name or names of any candidate or candidates being erased on any ballot of ballots and any name or names being substituted thereof in writing, and the use of mixed ballots, when such ballots do not purport to be ballots of any one political party nominating candidates as aforesaid.

Sec. 2. That any person or persons who violate any provisions of the foregoing section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than twenty-five dollars and not to exceed five hundred dollars, or shall be imprisoned in the county jail any time not to exceed six months, or shall be both fined and imprisoned as aforesaid.

Pauper Millionaire Labor.

A number of young girls employed in the necktie factories of this city met last week, at the Central Labor Union Hall, Eighth street, and formed a permanent union. One of the girls made an address. She said that until a recent date girls could make pretty fair wages at the necktie business. Of late, she said, wealthy ladies and their daughters had entered the business to make pin money.

It was a common thing to see ladies in silks and diamonds call at the factories and take away goods to be made at their homes. Some of them came in carriages and took work away.

The union decided to get up a list of all wealthy ladies who work for pin money. The names, it is said, would be printed and sent to the people whose names are in the elite directory.

"We'll just show folks how some ladies who cut a great swell earn some of their money," said one young lady when the motion was carried.—New York Times.

War in Eureka.

All is not lovely in the Democratic camp in Eureka. The Sentinel says:

There was a full attendance of 18 members at the Democratic County Central Committee the other evening, until a discussion arose over the appointment of delegates to the State Convention. After the question was decided, nearly one-half of the members withdrew. At the conclusion of the session only eight members remained in the room. The air was rife with charges and counter-charges.

ALL SORTS.

E. S. Buckingham was in the city yesterday.

Secretary Dormer has returned from San Francisco.

Charley Stoddard the promotion is again in the city.

The Douglass Mill at Dayton will be shut down next month.

Hugh J. Mohan has been appointed Special Agent of the Labor Bureau.

Hon. Wm. M. Stewart will address the citizens of Empire tomorrow evening.

Judge J. F. Lewis, an old resident of Nevada, and formerly a Supreme Court Judge, died at Yuma, Arizona, last Tuesday.

The business of Mr. Emmons, the vegetable man, is constantly increasing. He sells cheaply and accommodates his customers.

The concert tomorrow evening will be a delightful musical treat, and the dance that follows it will be attended by all the young folks.

It is understood that any Republican friend of Adams who wants to vote at the Democratic primaries will be allowed to do so and no questions asked.

A Sacramento Senator called a Post reporter a liar in debate and got a rare old head built on him for his pains. Post reporter Williams is a small man but steamy.

The period when, according to Meteorologist Professor Foster, of Burlington, Iowa, we are to have severe rain and hail storms, tornadoes, cyclones, etc., has commenced.

Do you wish a beautiful complexion? Then use Ayer's Sarsaparilla. It cleanses and purifies the blood, and thereby removes blotches and pimples from the skin, making it smooth and clear, and giving in a bright and healthy appearance.

The best medical authorities acknowledge the great value of Ayer's Cathartic Pills, and frequently prescribe their use with the utmost confidence, well knowing that they are the most effectual remedy ever devised for diseases caused by derangements of the stomach, liver and bowels.

Elevation of Artesian Wells.

Some person of knowledge bereft has been writing to the newspapers on the subject of artesian wells, and has made the discovery that these wells should not be at a height of over 300 feet above the sea level. Such a person evidently never read the newspapers, and never traveled in California. The great wells in the San Joaquin valley are generally about 500 feet above sea level. The great flowing wells on the Mojave desert are 2,300 feet above the sea. The fourteen flowing wells at San Fernando are 1,200 feet above the sea. The copious flowing wells of Messrs. Rose and Baldwin, in San Gabriel, are about 900 feet above the tide water. The forty wells in and around Pomona are 1,000 feet above the ocean. The great wells at Colton are about 1,100 feet above the Pacific, and the San Bernardino and Gage wells are over 1,600 feet elevation. The sixty-four flowing wells at San Jacinto are 1,500 feet above the sea. Others can be enumerated, if necessary, to show that height has nothing to do with the phenomenon, but everything depends upon the geologic formation of the country.—Los Angeles Herald.

Hi Waugh Planted.

Hi Waugh the late Chinese merchant was planted in luxurious style yesterday. He was about the wealthiest Chinaman in the State but after he died there didn't seem to be much effects left. No matter how rich a Chinaman is, when he dies nobody that he owes any money to, can find the color of a dollar. A carriage containing several subsidized mourners followed the hearse, but the real mourners were the white men who stood along the Main street wishing they could get even on the corpse.

An Unrivalled Record.

Alcock's Porous Plasters have, in the last twenty-five years proved themselves the best, safest and most effectual remedy for Spinal Complaints, Incipient Consumption, Diarrhoea, Pleurisy, Tumors, Asthma, Bronchitis, Epilepsy, Lumbago, Debility, Rheumatism, Gout, Sciatica, Loss of Vigor, Dropsy, Paralysis, Loss of Voice, Hysteria, Nervousness, Indigestion, Palpitation.

Help the Laundry.

The parties who are laboring so hard to see the APPEAL on record as pro-Chinese are still having an uphill job. When the White Steam Laundry started the editor of the APPEAL subscribed and paid for five shares, and has since paid his assessment on the same. The editor of the Union took one share and the assessment of \$2 has for several weeks past stood advertised in another column of this paper as delinquent. We believe that every true friend of the anti-Chinese cause should take Laundry stock and pay the assessments on it. The White Steam Laundry is about the only practical fight now being made against Mongolian cheap labor in this county. The APPEAL is ready at any time to join hands with its distinguished evening contemporary to help keep up the fight for the establishment of the Steam Laundry here. It ought to be made a permanent thing in our midst, giving employment to a dozen white people and driving the Mongol to the wall. We are ready at a moment's notice to make an alliance with the Union to help the cause along, but we shall first insist that every man in the Union office pay up his assessment on his stock, thereby showing in a practical way a sound good will for the cause. The proprietor of this office was not the only person who took Laundry stock. The composers also purchased. There are now 15 shares of Laundry stock held in the APPEAL office, assessments paid. There is one share held by our enthusiastic contemporary, assessment delinquent, representing a value of five dollars.

The stock held by the APPEAL office represents \$105. Yet barely a day passes that our \$5 contemporary does not graciously assure the public that the APPEAL is not friendly to the anti-Chinese movement, while the representative of the \$5 limit, (assessment unpaid) is the only paper in the city which is really sound on the question.

We would not parade these figures before the public were we not actually compelled to do so in self-defense. We want such members of the Anti-Chinese League who have not boycotted the APPEAL, to carefully study these figures, for they are worth studying.

The question now arises: If each stockholder in the Steam Laundry had taken the same interest in the institution as the editor of the Union, how long before the institution would have paid dividends?

However, the permanency of the Steam Laundry does not depend upon a few shouters, who accuse their neighbors of lukewarmness in the cause, while they fail to pay their assessments. The Laundry will be on its feet and doing a good business, long after its principle handicappers are dead and gone.

Free Transportation.

The Central Pacific Railroad will transport all live stock to the Reno State Fair, shippers paying regular rates to Reno and return to original shipping point. But before leaving the Fair Grounds the shipper will receive a certificate from the Secretary of the Fair Association that the stock has been on exhibition and has not been sold or transferred to other parties and is to be shipped back to the point from whence it came. Upon arrival at this point the Central Pacific Railroad agent will, upon receipt of the certificate of the State Fair Secretary, pay to the shipper every cent he has paid out for transportation of his stock.

The Chinese pork packers in San Francisco have secured such complete control of the pork market that they have actually begun to fine white pork men if they do not accede to their wishes. The white men have banded together and are waging a war of retaliation with good success. The Chinese are able to pay one dollar more for a hog than the white dealers because they are able to dispose of the offal at that price. Nothing about a hog is two dirty for a Chinaman to eat.

WANTED—Active Agents to sell mining specialties big money in commission or salary and expenses to responsible men. Address, H. P. S. P. & M. Co. Box 115, Newport, Ky. 15241m

For the best horse liniment now in the market go to Doc. Benton. It is his own make, and warranted to beat all the fancy brands. 15241f

A runaway was reported at the North end of town last evening.

Thoughts for the Fireside.

Isn't it an advantage to get your personal and family supplies almost direct from the manufacturers, with the consequent saving in cost?

Isn't it an advantage to not only get goods of the best qualities, but also of the latest Eastern and European styles?

Isn't it an advantage to be able to send to a city for your goods, and get as sure satisfaction as if you went to the expense and bother of going there yourself?

Isn't it an advantage to know that you are paying no more for your goods than other people, who may chance to be better posted as to the value of what they buy?

Isn't it an advantage to buy where everything is as represented? Where wool is called wool; silk, silk; kid, kid; etc.?

Isn't it an advantage to buy where no risk is run? Where, if goods are not as ordered, they can be returned at the expense of the House, and the money refunded?

Isn't it an advantage to have your orders filled as soon as received, and with care, taste and discretion?

Isn't it an advantage to have small orders attended to as carefully as large orders?

If these things are so, send to Weinstock & Lubin, Sacramento, Cal., for Illustrated Catalogue. It gives prices and full information about Wearing Apparel of every description. Free to any address.
